LANGUAGES

- Arabic (Native)
- English (Fluent)
- French (Fluent)
- Turkish (spoken only)

PROFILE

Creative and motivated second-year Artificial Intelligence student at ENSIA with a strong foundation in full-stack web development and machine learning. Fast learner, passionate about using technology to solve real-world problems, especially in tourism, AI, and innovation. Skilled in public speaking, communication, and leadership, with experience in pitching and project incubation. Actively seeking an internship opportunity and sponsorship to support an AI-driven project currently being incubated following a win at the Solvex 2.0 Ideathon.

EDUCATION

National Higher School of Artificial Intelligence (Ensia)

Second-Year AI Student | Expected Graduation: 2029

Ranking: A

Baccalaureate in Mathematics stream, 2023

Mohammed El Aid Al Khalifa

Score: 18.33

PROJECTS & HACKATHONS

Solvex 2.0 Ideathon Winner

2025

- Co-created an innovative AI-powered tourism solution aimed at promoting travel within Algeria
- Designed the Business Model Canvas (BMC), and developed the financial and marketing strategy
- Delivered a compelling pitch that stood out for its clarity, impact, and business potential
- Project currently in incubation; actively seeking sponsorship for development and scaling

BrainerX Final Project - E-Commerce Website

2025

- Designed and developed a complete full-stack online store
- Demonstrated skills in backend/frontend integration

AI Project Website (In Progress)

2025

- Built a modern web interface for an AI-powered tool
- Exploring CSP and search algorithms in the backend
- website for a local gym from scratch

EXTRACURRICULAR ACTIVITIES

EBEC Club (2024) - Information Co-Manager

Contributed to website development and managed internal digital communications.

ETC Club (2023) - Graphic Designer

Created promotional visuals using Adobe Illustrator, Photoshop, and Figma for events and campaigns.
